What was the Total Number of Orders per Month During 2010?

We can conclude that the firm received the most orders in June 2010, with about 3878 orders. Unexpectedly there were no orders in April and November for the whole year of 2010.

You may also see a pattern in which the number of orders received runs between 2000 and 3000, with the exception of December, when the orders reached 1451.
